Springdale Postmaster Dies Suddenly

The district of Springdale was thrown into consternation Saturday evening when it became known that A. Derriek, postmaster, had passed to the great beyond. He had stepped out of the store about eight o'clock Saturday evening, and not returning his assistants

became anxious and called for help in order to make search. When found life was extinct. Deceased was a highly esteemed citizen, had been in business as storekeeper and postmaster for the past eleven years, coming from Toronto where most of his relatives reside. He was over seventy years of age, and for some considerable time has been in rather indifferent health. His sudden death has cast a gloom over the district.

Heavy Loss of Life Caused By Flood in Taxes

San Antonio, Texas, Sept. 11.—The list of known dead from the flood of early Saturday was 47 late today. The dead and missing are estimated at approximately 250 by officials engaged in recovering the bodies, while Police Commissioner Wright estimated that it might reach three hundred. Many residents consider these figures high. The property loss is placed at \$500,000 by some business men and those in charge of reclamation work.

The city proper has been crippled all day from the flood. There have been no lights nor street car service because of no electric power. A rigid restricted area was roped off and guarded by policemen and soldiers from Fort Sam Houston. The Red Cross and other similar organizations opened relief headquarters, and all last night and today bread was passed out to the hungry and clothes given others.

TENNIS AT HOSPITAL

Whit Drive and Dance: Mark
The Close of Season

The final of a men's doubles tournament was played off at the Hospital courts on Friday evening.

The contestants were Dr. T. C. Smith and John Gordon against Messrs S. F. Toy and W. S. Sullivan. The first set fell to the former players 6-3. The second set was more evenly contested, and for a time, it looked as though a third set would be necessary as Messrs Toy and Sullivan were leading 3-1. Their opponents, however, drew level at three all, and again four all, and ultimately won the set 6-4. The winners received gold mounted fountain pens.

A whit drive and dance was held in the evening in the Hospital to mark the close of the tennis season and to present the prizes to the successful competitors. The gentlemen's prize in the whit drive (handsome fountain pen) was won by H. Woodard, while Miss J. Fraser carried off the lady's prize (a beautiful perfume spray). Dr. Cooke presented the prizes, and in handing over these for the tennis competition said he hoped it would not be the last time that he would have to present prizes for competitions amongst the staff. He also in a few well chosen words, thanked Mr. Glauser for his kindness in donating a silver cup as a trophy for annual competition for mixed doubles.

JOBLESS MEN AUCTIONED IN BOSTON

Boston, Sept. 8.—Jobless men were placed on the auction on Boston Common today. Stripped of the waist, after the custom of the old slave auction, they declared their willingness to work by standing before a crowd of thousands of spectators to the highest bidder. "Shorn lambs of an employment," their auctioneer, Urban Lehou called them. Lehou, a philanthropic worker who recently opened the "Church of The Unemployed" in the West End, led a group of fifty to the Common, to bring home, he said, to the people of Boston their stories of human misery.

It is needless for the writer to add anything concerning Mr. Jeffrey. He is well known to the great number of people whom he has met not only in the ministerial capacity, but in several other ways, for he is a "man of many parts." He has proved himself a good mixer, and in spite of the headcap of darkness, is a very cheerful fellow. He is still full of that daring pioneer spirit which has made the British Empire what it is today. We assure him that he mixes with the very best wishes of all for his large success and prosperity.

cent war tax additional. The post age rate to foreign countries has been increased from five cents for the first ounce and three cents for each succeeding ounce, to ten cents for the first ounce and five cents for each additional ounce or fraction thereof.

Ottawa, Sept. 12.—An advance of one cent an ounce is announced in the latter postage rate between Canada and other parts of the empire. The former rate was two cents an ounce, with an added one cent war tax. The new rate will be three cents an ounce with one

Farewell Reception to Rev. T. E. Jeffreys

Leaves Wood River to Take
Charge of Welsh Church
in Calgary

On Monday evening, September 5th, a large crowd assembled at Wood River hall to bid a formal farewell to the Rev. T. E. Jeffreys on the occasion of his departure from this district to take charge of the Welsh Church at Calgary. Mr. Jeffreys was the recipient of presents from the churches at Wood River and Magic.

Great credit is due to the ladies for the splendid manner in which they had set and decorated the tables. The first impression any person received on going into the room was that he was entering a well-arranged banquet hall. By the courtesy of the ladies a free lunch was provided.

Rev. J. Michael Hughes, pastor of the Methodist church at Magic, and he certainly performed them in a most creditable manner. The community is very fortunate in possessing a man of his personality and capacity. The first part of the meeting consisted of a programme—the Male Voice Choir, the James Party, John Rees Jones, Lewis Williams, Miss Megan Jones and John R. Jones contributing. Mrs. Lewis Williams accompanied the soloists with her useful, for neither of them has yet run his election.

The musical items were interspersed with speeches by Thomas Hughes, Richard C. Jones and Louisa Jones, all expressing regret at the departure of Mr. Jeffreys, and wishing him the best of luck in his new sphere of activity. Mr. Jeffreys, as the guest of the evening, was conducted to the platform by Thos. Hughes and Wm. F. Hughes with due formality and ceremony. The presentation was then made by Thos. Hughes on behalf of Magic Church and by Richard C. Jones on behalf of Wood River Church. Dr. W. E. Evans of Markham, Minn., was one of the distinguished guests of the evening.

Mr. Jeffreys' reply was full of humour. Into a speech of about half an hour he condensed, in a very concise and interesting manner, his impressions and experiences in the district during the seventeen years that he has resided here. He had special emphasis on the great kindness which everyone had shown him during his stay in these parts; he was leaving, he said, with the very best of good feeling towards everyone. In spite of the pains and tribulations of "hitch-hiking" during which he had learnt much, including the converting of an old felt hat into a passably good lamp-wick, yet his affection for the place, even for devious hill, was deep and untroubled.

It is needless for the writer to add anything concerning Mr. Jeffreys. He is well known to the great number of people whom he has met not only in the ministerial capacity, but in several other ways, for he is a "man of many parts." He has proved himself a good mixer, and in spite of the headcap of darkness, is a very cheerful fellow. He is still full of that daring pioneer spirit which has made the British Empire what it is today. We assure him that he mixes with the very best wishes of all for his large success and prosperity.

cent war tax additional. The post age rate to foreign countries has been increased from five cents for the first ounce and three cents for each succeeding ounce, to ten cents for the first ounce and five cents for each additional ounce or fraction thereof.

Ottawa, Sept. 12.—An advance of one cent an ounce is announced in the latter postage rate between Canada and other parts of the empire. The former rate was two cents an ounce, with an added one cent war tax. The new rate will be three cents an ounce with one

Few U.F.A. Members Subject to Recall

Thirteen U.F.A. members of the new Alberta legislature will commence their duties as administrators with their signed resignations in the hands of the heads of their districts, thus being subject to instant recall, if the organizations which nominated them are displeased with the stand which they may take on any question. This fact was disclosed recently by Premier Brownell in an interview given in Edmonton, when the new premier said that he wished to meet public bodies in order to explain the nature of the government.

He said that there was a general impression that all the U.F.A. members were under the direct recall of their home organization by reason of having given their signed resignations before the election. This, said the premier, is not true. Only thirteen out of a total of thirty-eight have given such a pledge and placed their resignation in the hands of their local organizations.

Mr. Walter Farley, member for Lacombe, and now minister without portfolio, was one of the number. It is known, who declined to submit to the recall system, but insisted upon the right of personal independence of thought.

Of the cabinet ministers, at least two, Premier Brownell and Attorney-General Brownlee, are also exempted for neither of them has yet run his election.

Even in the case of the men who have resigned in advance, it is pointed out that any one man holds the whip hand over them, with power to recall them at his will. All the resignations will be dealt with, if occasion arises, by a committee, and the member will then have the right to appear before a convention and state his case. The final recall will not be made, the premier explains, until such a hearing before a convention has been given.

There are some of the facts that the head of the provincial government wishes to put before the general public in order to correct erroneous impressions, and he will therefore take opportunity to do so during the next few months.

Ponoka Agricultural Society

A SATISFACTORY SHOWING

A meeting of the Ponoka Agricultural Society directors was held in the secretary's office on Saturday evening, when business pertaining to the recent fair claimed attention. After hearing a report from the secretary on finance it was decided to pay all prize money in full. All outstanding debt has been cleared with the exception of a note in the bank, and that will be considerably reduced. This is most gratifying, and the directors are more than delighted with the showing made. They have asked the Herald to thank the farmers and business men who so liberally came to their assistance with donations.

The above results go to show what untold effort can do, and with the continuation of the good work there is no reason why the Ponoka fair should not lead among the best fairs throughout the province. All that is required is to keep up the good feeling, have an energetic executive, and an interest taken by general public, and the annual fair is here to stay.

JOTTINGS
OF
TOWN AND
DISTRICT

Local News.

Mrs Roy Parham, of Haynes, is visiting with Mrs T. J. West.

H. C. Loper, of Iowa, is visiting with L. B. Evans for a few days.

Mrs W. R. Ferguson is spending a few days in Edmonton.

Rev. E. G. Turner is on a business visit to Saskatoon.

W. E. Aylewin spent a day in Wotaskiwin the guest of his mother, Mrs James Aylewin.

Miss Janet Dick left for Vermilion to resume her duties as teacher on the public school staff of that town.

Miss Dorothy Sweet has gone to Killam, where she has been engaged as teacher in a rural school in that neighborhood.

The Misses Campbell, of Sumnerland, B.C. were guests with their cousin, Miss Mary Dick, and other friends for a few days last week.

Miss Gertrude Aylewin of the staff of the Imperial Oil Company, Edmonton, spent Labor Day at the home of Mr and Mrs W. E. Aylewin, north of town.

Now that the busy harvesting season is about over, the town is becoming more lively, and more business is the result. Saturday saw many farmers in town, and the stores did a good trade till almost midnight.

Master John Colevill, accompanied by his sister, Miss Mary, who have spent the past month the guests of their aunt Mrs Geo. Ferguson and other relatives here, returned home to Vermilion on Sunday.

Ed. Martin, one of our prosperous farmers in this district, has just brought to our notice what constitutes a record. He plowed a field for oats this spring, garnered a beautiful crop and now has the same field all under the plow again, and this has been accomplished within the short time of not quite four months. Can you beat that?

Cecil Sharp met with a nasty accident Saturday evening while riding home on his bicycle. Ed. Hinkley was coming to town in his car, and how the accident happened cannot be told, but the car and the bicycle got in a mix-up, with the result that Cecil had his collar bone broken, and of course the wheel was badly damaged. The accident is most regrettable, and Mr Hinkley is very sorry that such should have taken place.

The "Birthday Social," held in the Baptist church on September 7th, was reported a huge success. The program was especially attractive, being assisted by three visiting pastors and Mrs McTaggart, of Calgary, a very able speaker, and Mrs Avery, of Edmonton. The quartette, known as the "Baptist Ladies' Quartette," was the outstanding feature. This quartette has a very promising future ahead of it. Thanks are due all who helped make this social a success.

E. L. Castlow, of Lake Preston, South Dakota, is visiting in our midst.

Mr and Mrs Henry W. Carr, of Calgary, are visiting with their daughter, Mrs T. H. Watt.

SCOTT—On Monday September 12th, to Mr and Mrs W. R. Scott (two boys).

MARKS—On Saturday, September 10th, to Mr and Mrs John Marks, a son.

WILKINSON—On Wednesday, September 7th, to Mr and Mrs J. W. Wilkinson, a son.

The past week has been very disagreeable from a weather point, and harvesting and threshing operations much retarded. Rain and sleet, and very cold.

Mr and Mrs W. H. Spencer, who have been spending the summer with their son at Battle Lake, have returned to town for the winter.

Quite a number of threshing separators have been unloaded at the depot lately. Farmers are getting their own machines to do the threshing, more especially those who have tractors.

If this chilly weather continues there certainly is work to do, and that is to go ahead and dig that potato patch. The exercise will keep you warm, and Murphy is in fine condition to be placed in the cellar.

On Thursday evening last, a number of ladies held a shower in honour of Miss Nellie Gordon, a popular bride of the month, at the home of Mrs W. J. Lorimer. Miss Gordon was the recipient of a good supply of fruit and pickles and miscellaneous articles. During the evening a varied programme was gone through, after which a delectable lunch was served.

M. M. Mecklenburg is leaving for the north country on October 10th, and will not return till Nov. 10th. Parties having trouble with their eyes should consult him on his next visit—Sept. 20—as he will not be in town again till the 20th of November.

CHURCH NEWS

ST. MARY'S CHURCH

SerVICES at St. Mary's church on Sunday, September 18th, at 11 a.m. Holy Communion will be dispensed.

BAPTIST

Sunday, Sept. 18th.—Concord, Sunday school at 2 p.m.; church service at 3 p.m.; Ponoka, church service at 7:30 p.m. The pulpit will be occupied by a visiting pastor. A most cordial invitation is extended to everyone. Come and bring a friend. Special singing.

Prayer meeting on Wednesday evening at 8 o'clock to be conducted by local helpers. Every one is urged to be out, as this is the power house of every church.

Choir practice on Friday at 8 p.m. Members please be out and bring other voices.

UNION

Sunday, Sept. 19th.—11 a.m. "Christ and the Nobleman of

Can"; 7:30 p.m., "Christ and the Woman of Samaria." Bright singing. Cordial welcome. You are earnestly invited.

Choir practice on Friday at 8 o'clock. Girls practice at 7:30.

The Women's Missionary society will meet in the church parlors on Friday at 3 p.m. A cordial invitation to all ladies.

Remember Rally Day services on Sunday, Sept. 25th.

Rev. C. Bishop will preach at the Sylvan school on Sunday, September 19th, at 3 p.m. A hearty invitation is given to all.

ESTRAY

On my premises, Sec. 15-24, one Bay Mare white stripe on forehead, 2 white hind legs, no visible brand. Owner can have same by paying expenses.—A. Wiancko.

Ponoka Engineering Works

Mechanists, Etc.

We have just installed a new Cylinder Grinding Machine, and we in a good position to re-grind all kinds of Auto Cylinders and fitting with over-size pistons and rings. When we re-grind Cylinders and fit with De-Luxe pistons, we can guarantee motors to have more power than when new. Come in and see the latest thing in Cylinder re-grinding. It has got re-boring beat by a mile, as the bore is true and accurate; also dead smooth, which is not possible by re-boring. When your old bus has lost its pep and can't make the grade on high as it used to, give us a trial and make us prove just what we say.

Taft Refers To Debt That The U. S. Owes To British Law

Ottawa—William Howard Taft, chief justice of the United States, speaking before the Canadian Bar Association here paid tribute to British law and to British lawyers, and declared that "the thought of the British bar was always sweet to me, as it has been to all those in the United States who realize the debt the United States owes to British law."

Mr. Taft was greeted with continued cheering at the conclusion, and a resolution congratulating him on his appointment to the chief justiceship of the United States, proposed by Justice Riddell, Toronto, carried unanimously.

"I feel like saying 'Here I am again,' Mr. Taft continued. 'I have the home feeling here. In Ottawa I met people and greet them with the same feeling as I do people in New Haven, New York and even Washington. I have no feeling of a boundary line at all. I have been in politics and abused on both sides of the line. I have sat on the bench on both sides

Need Colonization Funds

Carlsbad, Czechoslovakia.—Dr. Arthur Rupin, head of the Zionist colonization department, told the world's Zionist congress that half a million pounds yearly for the next few years would be required for Jewish colonization in Palestine. "This sum, if made available would enable us, if permitted by the British government, to settle 100,000 Jewish families in Palestine within three years, he added.

Dr. Chaim Weizmann, head of the world's Zionist organization, ridiculed the suggestion that Great Britain desired Palestine merely as a protectorate for the Buxa Canal. He declared Great Britain's interest was to establish themselves, and upon their response rested the future of Zion.

Sinn Fein Invited To Conference

British Cabinet Insists That Ireland Must Remain Within Empire.

London.—The British Cabinet has invited Mr. de Valera to send delegates to a conference with the Cabinet Ministers at Inverness on September 20, according to Daily Mail, an Irish vernacular correspondent, who adds: "Only one condition is imposed, namely, on the understanding that Ireland must remain within the Empire."

The communication to Mr. de Valera, according to this correspondent, asks for an early reply and points out the apparent usefulness of conducting negotiations by a further exchange of notes. In order to allay any fears regarding Ulster the decision that Northern Ireland must not in any circumstances be covered was reaffirmed by the ministers.

Cattle Stealing Charges

Stocks Have Been Returned to Land an Owner by U. S. Sheriff.

Calgary.—James McLean, a Canadian rancher living along the border, and James Mail, one of the cowboys of his outfit, were committed for trial at Court on a charge of stealing cattle from the Wallace, Ross and Webster outfits on the Alberta side of the line. Eight cattle involved in the alleged thefts have been gathered up by Montana sheriffs and turned over to their Canadian owners.

Brand running was the method used in the operations, according to the evidence, and Sheriff Morgan, of Liberty County, Montana, testified that when he arrested Leach at Chester he admitted his guilt.

Increase Lake Rates For Grain Shipment

Will Cost the Farmer One and a Half Cents a Bushel More.

Winipeg.—Lake freight on grain from Port Arthur and Port Arthur to Georgian Bay points have been advanced 1 1/2 cents a bushel this week. Officials of the vessel sailing companies say this is due to the demand from Chicago for tonnage and Canadian shippers must pay a premium to induce boats to call to the lake head for cargoes.

Uprising in Nicaragua Quelled

Managua, Nicaragua.—A violent and energetic attack by the Nicaraguan government in routing 3,000 men equipped with the latest military equipment has completely quelled a revolutionary uprising there.

Adopts Prohibition

Christians.—The lower house of parliament adopted the prohibition bill which forbids the importation of liquors or wines containing more than 14 per cent of alcohol. The bill goes to the upper house, where it is expected to be approved.

THE CALAMITY HOWLER

IT'S GOING TO BE TERRIBLE! TERRIBLE! TERRIBLE! THE CALAMITY HOWLER

Pine Desert, Mountain Village, Idaho.—The mountain village of Pine Desert near Trent in the Idaho Territory has been destroyed by fire. Seven hundred persons were made homeless. The flames were carried along by a cold wind which added to the discomfort of the people and the loss of property. The fire broke out from a campfire and spread to the village.

Tents and other relief materials have been sent to the scene by the government.

German newspapers are printing many advertisements of women wanting husbands, a supply of food and a flat or apartment is offered as an additional inducement.

WESTERN EDITORS

T. G. McKittrick, publisher of the Courier, Crystal City, Mo.

Preparing For Elections

Once Disolution Takes Place and Writs Are Issued Three Months

Ottawa.—The necessary machinery for carrying out the coming general elections is all ready. Once dissolution takes place and the writs for a general election are issued, there only remains the need for preparing the necessary forms and documents, and the Dominion Elections Act, revised officers and registrars being appointed as required.

Grain Shipments Break All Records

Official State Movement Well Ahead of Other Years.

Winipeg.—All previous records for volume and early shipment of grain over the Canadian Pacific Railway western lines have been shattered this season.

Wheat and other grains shipped east up to this time has passed the eight million bushel mark and this is a record. It is stated, accounts for reported congestion in Montreal. Of note, 5,419 cars have been loaded up to date, 7,425,484 bushels and 580 cars of coarse grain have been loaded, 1,420,490 bushels. Early harvest and favorable, and the course of heavy business is paving the grain on the market without delay is responsible for the heavy movement.

Irish Men Elect Officers

Calgary.—M. J. T. O'Rourke, mayor of the Calgary branch of the N. B. Irish League, was elected president of the Western Grand Division, Association at the annual meeting held in the Grand Exchange.

H. O. Heimbach, of Parah and Heimbach, Calgary, was elected vice-president, and D. O. McHugh was re-elected secretary-treasurer. Annual reports were received and approved.

Flood Graph in B.C.

Prince Rupert, B.C.—Dr. Stannard, of Los Angeles, reports the discovery of graphite near Selkirk, on the Skeena River, B.C. The ledge is 1,500 feet wide and six miles long.

Every dollar spent in your home town is a dollar for the community.

Scotch Miners Unable To Work

Flooding of Mines During Strike Worst Than Anticipated.

London.—Miner flooding in Eastern Scotland during the late coal strike is being found to be greater than originally anticipated, and two thousand of the Middle East London workers have been made to assist work in Scotland. There are about 15,000 men in the strike and the position of the workers is steadily growing worse.

Freight Rate Reduction When Conditions Warrant

Asked what he thought of the freight rate situation, Mr. Moffat stated that undoubtedly decreases in the cost of the supply will be highly desirable, and not, in his opinion, the companies warranted it. He pointed the distant future.

Unemployment Conference

Ottawa.—It is doubtful whether any steps will be taken toward calling a conference of representatives of the financial interests to meet with members of the employment service council at its meeting. A final decision on the matter, however, has not yet been reached by Hon. G. D. Robson, minister of labor, to whom the resolution was addressed.

Seattle has a woman's life-saving corps, composed of fifteen young women who have passed a written and practical tests necessary to qualify as life savers at the bathing resorts.

Soviet Forbids Investigation

Moscow.—The Russian Soviet Government has declined to permit the Russian consular department, Lie Commission, recently appointed by the allied supreme council, to investigate conditions in Russia preparatory to aiding in famine relief. This decision was made known through a note forwarded by M. Chicherin, the Soviet foreign minister, to Great Britain, Italy, France and Belgium. The note says the Soviet Government is opposed to the investigation of Joseph Nolens of France as chairman as a "stomping" member at the late of standing Russia.

Labor Favors Disarmament

British Trades Union Claims Right To Send Representative to Washington.

Cardiff, Wales.—The trades union congress adopted a resolution which was moved by J. H. Thomas, head of the National Union of Railwaymen, approving the calling of the conference on limitation of armaments at Washington, but deploring the conference would be unsatisfactory unless labor was adequately represented and claiming the right of the congress to appoint a representative to the conference.

Mr. Thomas, in introducing the resolution, said the league of nations was useless unless it dealt with the subjects of armaments, which, he declared, Ireland remains in the hands of the British Empire. The resolution passed by a large majority.

Mr. Thomas said that the British had laid down four conditions for this conference between their forty million people and the forty million people of Japan, he said, was more than anything else the cause of friction with the United States, but as we could not come to a conference without a rupture between Great Britain and the United States. The only way Great Britain could ensure the world of its honesty, he declared, was to meet in the Washington conference with clean hands, and to hold more battleships.

Lloyd George Optimistic

Has Pen Ready For Signing Irish Agreement.

London.—Mr. Lloyd George, it was learned, told the messenger boy who recently delivered to him and the members of his cabinet a letter from the United States government signed by the president, "This is the pen with which I signed the treaty, and I have to sign the Irish agreement with it."

The messenger brought back to the donors of the cigars a letter from Mr. Lloyd George addressed to "My anonymous American friends," saying: "It is genuinely helpful at a critical moment like the present, to receive this really delightful token of sympathy and goodwill from a group of Americans, and I trust we may count this year in finding lasting peace and harmony between the two great races which both have contributed so largely to the life and history of our great empire."

Scottish Miners Unable To Work

Flooding of Mines During Strike Worst Than Anticipated.

London.—Miner flooding in Eastern Scotland during the late coal strike is being found to be greater than originally anticipated, and two thousand of the Middle East London workers have been made to assist work in Scotland. There are about 15,000 men in the strike and the position of the workers is steadily growing worse.

Catch Thieves In Sewer

Vancouver.—A raid on the sewer for thieves who were suspected of stealing themselves of their day part no less hours they intended to catch a number of men have just been caught by the police after a night of watching. Women who had been caught were taken to the police station.

Canadian Oil Production

Ottawa.—The oil production of Canada during the first year ending March 31, 1916, was 15,076 barrels or 6,314, 571 gallons. The production cost \$98,162.

Food For Starving Russia

First United States Relief Food Reaches Petrograd.

Riga.—The United States steamer "Hessia" has taken into Petrograd the first United States relief food for the starving children of Russia, says a dispatch to the Lavinia Telegraph Agency from Moscow. The steamer arrived in Petrograd on Monday sent its first train direct to Samara from Moscow.

U. S. Delegation On Disarmament Has Been Named

Expect Sinn Fein Will Meet Committee

Belief Universal That Republican Leader Will Accept British Offer.

London.—Mr. Lloyd George's letter to Sinn Fein leader, the Irish republican leader, which was sent to Dublin after the meeting of the British cabinet at Inverness, seems at least to insure that Sinn Fein plenipotentiaries will meet the special committee of cabinet ministers at Inverness on Sept. 20 for the purpose of clearing up any ambiguity of Sinn Fein leaders may entertain about the 18 conditions the British Government stipulated as a precondition in granting Ireland a dominion status.

The Prime Minister's letter, like all his communications since the Irish negotiations began, is couched in the most courteous and friendly terms, but, by its plainness, it suggests a definite attitude.

The belief is almost universal that Mr. de Valera will accept that the Premier offers is what Mr. de Valera desires, namely, an autonomous dominion with the British Empire. The guarantee which Mr. de Valera is supposed to have made in his acceptance of the League of Nations and the Imperial conference, and these, it is believed, the government would be willing to grant.

Unemployed Men Refuse Harvest Work

Out Of 100 Registered In Victoria Only One Would Go.

Ottawa.—One of the difficulties faced by the Employment Service of Canada in dealing with unemployment conditions throughout the Dominion as set forth in the unemployment report for the week ending August 20, is the unwillingness of the unemployed to accept service at Victoria, B.C., states that during the week ending August 20, the unemployed there had declined practically all of its time in registering for work in harvest fields of the prairie provinces, and at the end of the week only one man had registered for this particular work.

Greeks Still Advance

Turk Army Is Unable To Resist The Greek Forces.

Alex. General Headquarters in Greek Minor—Turkish Nationalist forces have been driven from northern Macedonia on September 1, but have retired slowly, defending every inch of the ground. On Tuesday the Turks launched attacks and succeeded temporarily in re-occupying their lost position, but later were again driven out.

Freight Rate Reduction When Conditions Warrant

Asked what he thought of the freight rate situation, Mr. Moffat stated that undoubtedly decreases in the cost of the supply will be highly desirable, and not, in his opinion, the companies warranted it. He pointed the distant future.

Unemployment Conference

Ottawa.—It is doubtful whether any steps will be taken toward calling a conference of representatives of the financial interests to meet with members of the employment service council at its meeting. A final decision on the matter, however, has not yet been reached by Hon. G. D. Robson, minister of labor, to whom the resolution was addressed.

Seattle has a woman's life-saving corps, composed of fifteen young women who have passed a written and practical tests necessary to qualify as life savers at the bathing resorts.

Send New Note

U.S. Makes Position On Mandates Clear to Allies.

Washington.—The position of the question of mandates has been set forth more completely than heretofore and especially in reference to those of classes "A" and "B" in a new note to Great Britain, France, Italy and Japan, and through communication, it is understood, has been submitted to the meeting of the assembly of the League of Nations at Geneva for consideration.

Will Forcefully Hungry Striker

Calgary.—Capt. E. L. Janney, on the third day of his hunger strike, has been ordered by the jail physician to be removed to the Galt hospital where forcible feeding will be undertaken in an effort to keep him alive.

The beginning of the second month of the hunger strike finds Janney's heart in a weaker condition than at the grave fears are held out for his life. It is understood that friends in Ontario have reported his case to the Minister of Justice.

German newspapers are printing many advertisements of women wanting husbands, a supply of food and a flat or apartment is offered as an additional inducement.

THE HERALD.

Climax

Mrs Owens, of Calgary, is visiting her niece, Mrs R. B. Jones. The U. F. W. met at the home of Mrs Newbould on Thursday. The inclement weather kept a number of members from attending. An interesting programme was carried out, however, by those present.

Rain, snow, frost and cold and cloudy weather the past week. Threshing is at a stand still at the present time.

Mr and Mrs W. A. Martin were Climax visitors last week.

Lighting roll agents were busy in these parts recently.

The infant daughter of Mr and Mrs Otto Maclean has been ill with chicken pox, but is now improving nicely.

Wood River

Rev. W. E. Evans, D.D., of Manitoba, Minnesota, preached at the Magic church on the 11th, and also on Wednesday evening to very large and appreciative audiences. Dr. Evans is the moderator of the Welsh Synod of Minnesota, and is visiting all the Welsh churches of Canada. He is well entertained at the home of Hugh Davies.

Roy Bullock is convalescing.

Jim Morris has been on the sick list for the past week, but is improving.

J. Price and wife are living in the Edwards house.

Mr and Mrs Tal Griffiths and two children, of Edmonton, visited J. R. Jones and family recently.

Mr and Mrs Ben Edwards and son, Edmonton, visited at the home of H. T. Jones and J. J. Hughes last week.

Mrs David Jones, of Edmonton, is visiting at the home of her brother, Mr Ashby.

WEDDINGS

MENICOLL-BOWKER

A quiet but interesting wedding was solemnized on Thursday afternoon, September 8th, at the home of Mr and Mrs Geo. R. Bowker, Ponoka, brother and sister of the bride, when Helen Louise, elder daughter of Mr and Mrs Elwyn Bowker, of Granby, Quebec, became the bride of David J. Menicoll, younger son of Mr and Mrs John Menicoll, of Blair Atholl, Perthshire, Scotland.

The ceremony was performed by the Rev. N. D. Kutt, M.A., B.D., Edmonton, South, the wedding march being played by Elwyn Bowker, nephew of the bride. Only immediate relatives of the contracting parties were present.

The bride, who was unattended, was given in marriage by her brother, and wore her travelling costume of navy blue broadcloth, open-1 g over a blouse of drop stitch tricotee, trimmed with red lace, and a smart hat of navy blue velvet, with trim of tangerine felt. A corsage bouquet of Uppelsa roses, and an ermine tie, the gift of the bridegroom, completed her costume.

After the ceremony a delicious supper was served.

Mr and Mrs D. J. Menicoll left later in the evening for a trip in the mountains, and on their return will make their home in Garneau.

NELSON-HUGHES

A warm romance culminated on Friday, Sept. 9th, when, at the home of the groom's brother, Mr Victor Debs Nelson was united in marriage to Miss Mary Ellen Hughes, of Gravesend, England. The bride arrived from the old country the previous day.

Mr and Mrs N. W. Nelson acted as witnesses, and Rev. C. Bishop performed the ceremony.

The happy couple left on the evening train for Edmonton for a short honeymoon, after which they will make their home in the Ponoka district.

CAR FOR SALE

Ford Car, in good condition (1918 Model) for sale or will trade for cattle. —Apply, Herald Office.

WANTED

Several Good Mink Cows just fresh or coming; also some second-hand machinery in good condition. —H. W. Napier, R.R. No. 1, Ponoka.

LAND FOR RENT

Quarter Section, 145 Acres under cultivation. All kinds of Farming. Particulars from BEATTY & MORRIS, Ponoka.

WANTED TO RENT

Improved Farm of Half section or more on shares. Have good outfit. Give particulars. —H. H. BASTY, Hanna, Alberta.

TO EXCHANGE

Cattle and Horses and Gilt-Edged Paper for Land. —J. W. Santos, Route 4, Ponoka, Alberta.

Moose Jaw, Sept. 10.—Swift Current and the district extending some miles east is in the grip of king winter. Advice from that city this morning state that at 3 o'clock there were fourteen inches of snow on the level, with a terrific blizzard blowing. Snow plows are working on the city streets.

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Board of Trustees of Harmonium School District No. 3339 at the Office of the Secretary-Treasurer up to noon (October 8th), for supplying material and for the erection of a frame school building. Plans and Specifications may be obtained from the Secretary-Treasurer on payment of a deposit of \$5.00, which will be returned on receipt of a bona fide tender with plans and specifications. The lowest or any tender will not necessarily be accepted. Plans and specifications may be seen at the Department of Education, R. MANSFIELD, Secy.-Treas.

Furnace Heat For The Farm Home

Enjoy comfortable warmth in every room. Be free from the dirt, drudgery and danger of stove heating. Save one-third to one-half of fuel expense by installing a Findlay Pipeless Furnace.

Findlay Pipeless Furnace is positively guaranteed to heat your home through one register.

And Findlay Pipeless heat is sanitary, healthy, comfortable heat, automatically provided and kept at just the right degree of abundance to ensure the most beautiful conditions. The heat from the Findlay goes into the house—while the cellar remains cool, permitting the storage of food.

It just takes a day to install. No tearing up of walls for pipes and registers. No expensive chimney. No costly alterations. An ideal heating system for farm homes.

Put in and seal the attached coupon. We will send you by return directed airmail a list and copies of grateful letters from people whose homes have been made warm and comfortable by Findlay's Pipeless Furnace.

Send to: Findlay Bros. Co., Limited, Carleton Place, Ont.

World Happenings Briefly Told

Japan will outfit an aircraft mother ship capable of housing three hydroplanes.

The U.S. Government is now selling 200 wooden ships for \$2,100 each, a mere fraction of their cost.

Farmers in the French Canadian section, among the new state who have been engaged by Mary Garden for the forthcoming season in the Chicago Opera Company.

Work on construction of the Lethbridge Northern Irrigation project is proceeding rapidly and it is now expected that the contract will be completed well within the time allowed.

A grain of radium, sealed in 11 vials of glass and lead and steel has been received in Philadelphia from the vaults of a trust company. Its value is \$750,000.

Four passengers were killed when the Strachan Pacific coast liner crashed while making a landing at Le Bourget. The pilot of the machine was so badly injured that he died in a hospital.

The crew of the Government steamer, Grenville, ashore near Bella Coeur, is standing by the vessel and aiding in salvaging work. The weather is calm and it is expected to refloat her soon.

That Canada is probably as well able to face the future as almost any country in the world, is the effect of a statement made by Sir Robert Borden, governor of the Hudson's Bay Company, called to Winnipeg.

A German official who denies reports which have been in circulation to the effect that the German ministry was preparing a memorandum intended to prove the impossibility of Germany making further reparations.

More than 5,000 persons saw Eugene M. Stafford, of Boston, a balloonist, fall 600 feet to his death at the North Adams, Mass., fair of the week being attached him to his parachute broke as he changed parachutes. Stafford was giving an exhibition of the double parachute drop.

At the National Exhibition at Toronto, Manitoba made a good showing in butter. The Shool Lake Creamery won second in the contest for the highest score in the group of classes for 14-pound box of creamery; 56 pounds unsalted creamery; and 20 pounds creamery butter.

The bones of two men discovered will shortly be shipped to Toronto from Red Deer Valley, where they were clipped out in the steel mill by workers under the direction of Dr. W. A. Parks. They will be added to the paleontological section of the Royal Ontario Museum.

Twenty-five persons were injured among them several women and children, when a bomb was thrown into a building establishment at Vauxhall, near Geneva, where hundreds of persons were on their summer vacation. The explosion is believed to have been the work of an anarchist.

Do you know what constitutes a strong constitution?

To have sound, healthy nerves, completely under control, digestive organs that are capable of absorbing a hearty meal, means you have a strong constitution. Your general attitude is one of optimism and energy.

But an irritable disposition, frequent attacks of indigestion, and a languid depression, indicate your system is not in correct working order.

Probably you are not eating the proper food. Probably the nutritious elements are not being supplied to your system in the proper way.

Grape-Nuts is the wholesome, delicious cereal that promotes normal digestion, absorption and elimination, whereby nourishment is accomplished and the blood is purified. Grape-Nuts is a mixture of energy-giving cereal and malted barley comprise the chief elements of Grape-Nuts. A diet of breakfast or lunch is an important, wholesome rule to follow.

You can order Grape-Nuts at any and every hotel, restaurant, and lunch room; on dining cars, on lake boats and steamers; in every good grocery, in large and small, in every city, town or village in Canada.

Grape-Nuts—the Body Builder

"There's a Reason"

For School Lunches

BY LORETTA C. LYNCH
An Acknowledged Expert in All Matters Pertaining to Household Management.

With the approaching return to school there arises the problem of the school lunch box. The above are showing a variety of attractive boxes. Some have an attractive hot bottle of the three-fourth pint size.

The hot-cold bottle might contain some cocoa made with good milk. Again, while the days are still warm, they may contain some nourishing ice cream to be eaten with a piece of real sponge cake.

Besides the hot dish, of course, the average hungry boy and girl wants to find something else. A roll thickly spread with butter after it is cut, and the parts firmly pressed together should be substituted frequently for the hot dish. The value of farm produce marketed through the associations amounted to \$80,220. The total value of supplies sold amounted to \$5,885,385, compared with \$4,500,181. The aggregate turnover of the associations, including livestock, increased from \$6,199,591 to \$7,314,095, an increase of \$1,115,504.

Co-Operative Organizations

The number of shareholders in Saskatchewan Co-operative organizations at the end of 1920 totaled 18,894. The paid-up capital invested has increased from \$32,211 to \$466,000. During the year 54 associations marketed livestock product 912 cars, the receipts from which amounted to \$1,429,398. The value of farm produce marketed through the associations amounted to \$80,220. The total value of supplies sold amounted to \$5,885,385, compared with \$4,500,181. The aggregate turnover of the associations, including livestock, increased from \$6,199,591 to \$7,314,095, an increase of \$1,115,504.

PAINFUL DIARRHOEA

CRAMPS IN STOMACH

Mr. Fred Funtun, Crailsbach, Sask., writes: "A year ago last harvest I was taken with a sudden attack of diarrhea, which completely laid me out, and in a few hours I had to quit my work. The cramps in my stomach were dreadful, the heads of perspiration on my forehead, and I was in a state of great distress. At last I got a chance to send to town for a box of Dr. Williams' Pink Pills for Pale People. I took a few and soon obtained a great change for the better, for which I was very thankful. I don't know what the cause of my sickness was except the extremely hot weather and the active work of working the wheat."

Several of my neighbors were taken the same as myself and had the doctor after them, but they didn't get any great relief until I advised them to use "Dr. Fowler's," when they soon experienced a great change. Dr. Fowler's Extract of Wild Sarsaparilla has been on the market for the past 76 years and many cheap imitations are being offered to the public.

Be sure and get the genuine put up in glass bottles, The Wellman Co., Limited, Toronto, Ont. Price, \$5 a bottle.

Publishers' Costs Mounting.

The "Postmaster-general" has notified newspaper publishers that the rate of postage on newspapers sent from the office of publication will be doubled on and after the first of January next. There was a big increase in the rate last January and now it is to go up again. The printer's costs are mounting rather than diminishing.—From the Ottawa Packet.

Moving to British Columbia.

It is announced that Curtis McCredy, of Montana has just been in British Columbia making a selection of lands in the central section of that province, into which he will move some hundred families this fall from Montana and Idaho.

Corn can't exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Ireland is the largest civilized country on the globe without railways.

Minard's Liniment used by Physicians.

In the far Arctic, summer brings a spell of continual sunshine here and there, but in the north, where the sun is never more than ten or twelve weeks, but it is more plentiful than anywhere else on the earth.

A Novel Sport Coat

By Marie Belmont.

The sport coat appears in many a different guise, for it has various functions to fulfill. Sometimes it is demanded by the woman who goes to strenuously for athletics, or it may be worn by the woman who is not so active. This rather recondite model belongs to the latter class. It is made of yellow flannel. The fronts, which are extended at the side to form pockets, are outlined with bands of black crepe. The cuffs are similarly adorned. The collar is high and is enriched with black velvet embroidery. This also appears on the sleeves, which are very wide.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Miss W. Bessley, Millie Rader, Ontario, writes: "I have used Baby's Own Tablets for the past eight months and would not be without them. They are so easy to take and so effective. My baby is thriving and healthy. I have recommended them to all my friends. They are a real blessing to mothers. The Tablets are a mild but thorough laxative which regulates the bowels and sweetens the stomach, thus doing away with constipation and indigestion and making teaching easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

An invalid in London receives by air mail a daily supply of a special kind of bread.

A "Prime" Minister.

Since Lloyd George became Prime Minister of Great Britain there have been seven premiers in France, six in Italy and nine in Germany. In fact, the reason why Lloyd George has outlasted them all is that he is above all things a prime minister—Lloyd George.

Catarrahal Conditions

Catarrahal conditions are the most common of all diseases. They are caused by a variety of factors, including colds, flu, and other respiratory infections. They can be treated with various remedies, including Dr. Williams' Pink Pills for Pale People.

Manitoba Butter

Awarded Highest Score in Contest For Last Four Months.

In the Dominion Government Educational Institute Scoring contest which has been going on for the past four months, Manitoba has achieved the distinction of the highest average score for the four months, namely 96.7. Alberta came second with 96.1; Quebec third with 96, and Saskatchewan fourth with 94.7.

Only one creamery from each province was allowed to compete each month. Twice in the four months Manitoba has headed the list. In May the Shool Lake Creamery won with a score of 97 out of a possible 100. In August the Crescent Park Milk Company won with a score of 96.7. In June Roswell, Manitoba, tied for second place with New Brunswick with a score of 96.8 and in July St. Boniface was third with a score of 96.4.

Alberta has the distinction of making the highest score for any one month, namely, 98 out of 100, in July.

It is very interesting to note how close the scores are. In May the Shool Lake Creamery won with a score of 97 out of a possible 100. In August the Crescent Park Milk Company won with a score of 96.7. In June Roswell, Manitoba, tied for second place with New Brunswick with a score of 96.8 and in July St. Boniface was third with a score of 96.4.

In June Roswell, Manitoba, tied for second place with New Brunswick with a score of 96.8 and in July St. Boniface was third with a score of 96.4.

Canada's Lakes

Ontario Has Largest Area With Northwest Territories Second. The lakes of Canada have an area of 77,891,391 acres, or 120,924 square miles, which is almost one-half the area of Manitoba, and more than half the area of the Yukon Territory.

Ontario contains the largest lake area, namely 41,168 square miles. Half of the area of the Great Lakes, with the exception of Lake Michigan, is in Ontario.

Manitoba has a lake area of 19,994 square miles. The largest lakes are: Winnipeg, 9,459 square miles; Winnipegosis, 2,086; Manitoba, 1,817; South Indian, 1,531.

The lake area of Saskatchewan is 8,329 square miles, the two largest areas being part of Reindeer Lake, Lake Athabasca, 366 square miles, and part of Athabasca Lake, 1801.

The largest single lake area in Alberta is the part of Lake Athabasca lying within that province, namely 1,401 square miles. This with the part in the province of Saskatchewan gives the lake an area of 2,802 square miles. The lake area of the province is 2,369 square miles.

The lake area of British Columbia is 2,439 square miles. The largest single area is part of Lake Atlin, 331 square miles. The next largest is Lake Babine, 306 square miles. The Northwest Territories have a lake area second only to that of Ontario, namely, 34,321 square miles. The largest lake in the Great Bear, 11,831 square miles; second, the Great Slave, 10,719 square miles.

Predicts His Own Death

Mr. Clemenceau Says He Will Be Dead Next Year.

"Next year I shall be dead," was the reply Mr. Clemenceau growled out, when he was asked to predict his own death. He said the medicine prescribed the hope that he would return there next year.

The old man was just about to embark on a steamer for Corsica, where he was going to spend a holiday, when he made this prophecy. The French leader is now 68 years of age, and those who have seen him recently since his annual "cure" at Aix-les-Bains declare that he never looked fitter.

But his years seemed to be approaching him. At the hotel where he stayed the local water cure pride brought him some Champagne to taste after his meal.

"It has been eighty years in the world," the head waiter confided, "the swiftest voice suitable to discussion of such a vintage."

But old "Father Victory," who seldom drinks anything but water, was not impressed.

"Well, I have been eighty years in the world," the head waiter said, "and am none the better for it."

It was after that incident that he predicted his death by next year.

Britain Leads As Usual

The Merchant Marine of the United States Comes Second.

The Merchant Marine of the United States is falling far short of receiving its share of United States ocean freight, according to the Federal Reserve Board's survey of the shipping situation during August.

Latest figures, the board declared, showed that the United States, with a fleet of 12,626,652 gross tons out of a world total of 67,766,537 tons, was slightly surpassed by Great Britain with a fleet of 18,571,554 tons, while France stood third with 3,652,249 tons.

Japan, Italy, Norway and Holland followed in the order named with merchant marine fleets ranging from about 3,350,000 tons down to 2,225,000.

Minard's Liniment Lumberman's Friend.

Very Discouraging. While I should think sister would rather have you call to see her than Mr. Shoshog—That's nice of you to say so. Here's a quarter.

Willie Yes, she says Mr. Thompson does always bring her hair to us.

The skin of the reindeer is so impervious to the cold that anyone clothed in such a dress with the addition of a robe of the same material, may bear the intense cold of an Arctic winter's night.

Business Proposition. She—Since our engagement is off, I shall return your diamond ring.

He—Yes, and as diamonds have dropped 20 per cent, since you've had it, you might add a check for the difference.—Boston Transcript.

King Albert, of Belgium, is the first monarch to be decorated by the British Government with the Distinguished Flying Cross.

A widow always tries to console herself with the belief that she can't do any worse the next time.

Time and Tide is the title of a London newspaper owned entirely by women.

France is replacing its old-fashioned oil daily machinery with modern apparatus.

Was Flat On His Back In Bed A Whole Month, Declares Thompson

"The very first few doses of Tanlac I took made me feel better, and now my stomach seems just like a new one," said Samuel Thompson, 172 Peters ave., Winnipeg, Man.

"I was in very bad shape before I got Tanlac. My health broke down a year ago, and I got to where I was little more than a physical wreck. I was flat on my back in bed for a month, and when I got up the life seemed to be gone. I hardly had strength enough to get around, and my appetite was very poor. I soon

commenced suffering from indigestion so bad I just hated the thought of eating, for my food soured and I was kept bloated and in agony all the time. I finally started taking Tanlac, and after a few days I was eating heartily. I've taken five bottles now and can eat and enjoy anything I want and feel as well as I ever did in my life. I am glad to recommend Tanlac, for I believe it will help anyone suffering from stomach troubles."

Tanlac is sold by leading druggists everywhere.

Canada's Soap Factories

Fourteen Millions Each Year For Soap Is Canada's Bill.

According to the Dominion Bureau of Statistics, Canada spends fourteen millions of dollars a year on soap. Of the 28 plants engaged in this industry, 13 are located in Ontario. During the year reported, over one hundred million pounds of soap was manufactured in Canada, and the quantity sold by the producers was worth over \$15,000,000. In addition there was imported a million dollars' worth of soap made in other countries. Exports amounted to only slightly over \$100,000.

It Testifies for Itself.—Dr. Thomas' Electric Balm needs no testimonial of its powers other than itself. Who of us has not suffered from colds, for cuts or abrasions, for sprains or burns, for pains in the limbs or body, well know that the medicine proper and needs no guarantee. This shows why this Oil is so generally used.

Send Dreadnought For £44,000.

Mrs. H. D. Thompson, the last ship which revolutionized naval warfare, has been sold to shipbuilders for £44,000. The great ship, now out of date, is at Royal Dock, where it was built in 1906, after the lessons of the Russo-Japanese War, and for two years after launching was the ablest to take on any other fleet in the world single-handed.

Land Holdings Dwindling.

The land holdings of the Hudson's Bay Company are dwindling in Saskatchewan. Originally the company owned 6,000,000 acres in this province, the company now owns only about half this amount.

A Favorite Sport.

One of the unkindest forms of practical joking is an occasional effort in Europe to persuade a dethroned monarch that his old position is open to him.—Washington Star.

Sir A. Conan Doyle once wrote a 12,000 word story without leaving his desk.

Familiarize your local merchant and thereby help to build up your home town and community.

Name _____ Address _____

The Endurance of Your Automobile, Truck, or Tractor

Depends not only upon the time of lubrication, but the kind of lubricant used.

WHITMORE'S AUTO GEAR PROTECTIVE COMPOSITION

Adds 500 to 1000 miles. Thousands of tests have been conducted by Lubricating experts to demonstrate the relative value of various lubricants. The results of these tests show that Whitmore's Auto Gear Protective Composition is the best choice of sixteen leading manufacturers. These manufacturers include:

The largest builder of cars in the world; The largest builder of trucks in the world; The largest builder of buses in the world; The largest builder of motor coaches in the world.

Many lubricants contain acid. They not only fail to lubricate, but are themselves harmful and corrosive to gear and bearing surfaces.

Whitmore's Auto Gear Compositions Contain No Acids.

In the Panama Canal Emergency, 34 million pounds rest on an unbroken film of WHITMORE'S AUTO GEAR PROTECTIVE COMPOSITION.

Manufactured by The Whitmore Manufacturing Co., Lubricating Engineers, Cleveland, Ohio.

Cries of Drowning Child
Responsible For The
Death of 24 People

Bridge Spanning River at Chester
Ohio, Gave Way Under Weight

Chester, Penn., Sept. 11.—Twenty-four persons were drowned and five others seriously injured in the collapse last night of the bridge spanning the Chester river at Third street in the heart of the city's business district. The police made this announcement tonight after divers had definitely determined no more bodies remained in the water.

A small wrought-iron girder plate, part of the support for a foot path along the side of the structure, which had been half eaten by rust, gave way under the weight of nearly a hundred persons who were attracted to the spot by the cries of a drowning boy and precipitated the victims into the river.

The last body to be dragged from the deep mud at the bottom of the river was that of eight-year-old Charles Apostone, the child whose death was the hasty verdict cause of the accident.

"Black Beauty" a story that has been read by people in all countries for over forty years, was made into a spectacular motion picture at the cost of over half a million dollars. It required one of the largest casts ever assembled for a film, and the biggest technical staff to be employed by any picture company. As a side story dealing with humans has been introduced in Anna Sewall's narrative in such a manner that it is no way comparable with the original story. This unusual film will be shown at the Empress Theatre on Monday and Tuesday, September 19 and 20.

The Indispensable Link With the New Farmers' Government

is the
Edmonton Journal
The Leading Daily Newspaper of Northern and Central Alberta

The Journal in the past has reported fully the doings of the United Farmers of Alberta, the United Farmers of Alberta and the Junior U.F.A. Societies. In future it will record in addition every move on the political checker-board of Alberta by the new Farmers' Administration.

President H. W. Wood
Of The U.F.A.
Has Stated:

"What the people want is self-government through their elected representatives." This can only be secured by every farmer taking a personal interest in the Farmers' Government. President Wood wants the farmers themselves to operate the political machinery. In order to do this they must be in intimate touch with the Government. This intimate touch can be secured only by subscribing for the Edmonton Journal. Don't rely on hearsay. Read for yourselves what the government is doing.

Daily by Mail, \$3.00 per year. Wednesday and Saturday issues only, \$2.00 per year. Order through your local agent, or direct from The Journal at Edmonton.
